Learning Today...Leading Tomorrow

Dear Lanesboro Elementary Family,

Lanesboro School District has made the difficult decision to temporarily close in-person learning for **grades K-6**. This decision is based upon information received from public health authorities regarding positive cases and their contacts. From September 28 to October 9, elementary students will have access to the distance learning plan that is described in the attached document. The situation will then be reassessed to determine if this plan needs to be extended. Child care and preschool will also remain open. School-aged care for critical workers will also be available for children who have not had identified COVID exposure. If you need school-aged care please send an email to denisedrew@lanesboroschools.com.

At this time **grades 7-12** will continue with their current in-person learning model. We'll continue to ask that students that are learning in-person make sure to abide by the guidelines we've set forth this year. Please complete the daily wellness checks, maintain six feet of distance from others at all times even during outdoor activities or lunch times, and continue following hand washing guidance.

I understand that this decision will have a big impact on your daily routine. We want you to know that we constantly keep the health and safety of your children at the forefront of our decisions and we will do everything we can to make the distance learning over the next two weeks a valuable experience.

We truly hope we will be able to return our in-person operations at the Elementary School as soon as possible. We will keep you informed about any updates we might have, through the phone, email, or online.

Sincerely,

Matt Schultz
